to me

Dear Jessa,

On behalf of the Lincoln Garden Club, I would like to thank you for your most interesting program this morning. What a delightful way to begin the holiday season!

A Visit with Isabella Stewart Gardner totally engaged our members, as evidenced by rapt expressions and many questions. Your realistic character portrayal, combined with all the interesting facts you shared demonstrated a masterful grasp of this most interesting woman and was enjoyed by all. The Lincoln Garden Club would be pleased to be added to your list of references.

I would also like to thank you for braving the winter weather, as well as the beginning of a cold. Happy holidays, and may you bring holiday joy to many other organizations.

My very best,

Joyce DiToro
Lincoln Garden Club
