Dear Jessa,

I wanted to let you know how much we enjoyed your portrayal of Clara Barton at the June meeting of our Civil War Round Table. You had the complete attention of everyone and you have the ability to make seem that it really was Clara telling us about the horrible carnage on the battlefields and her life after the war.

Many of our members told me it was one of the best programs ever offered at our meetings.

I am looking forward to attending some of your other portrayals if possible.

Sincerely,

Don Cascio
