Hi Jessa,

I got your voicemail, sorry I was out of town. I appreciate you letting me off the hook for writing a letter of recommendation- but I did write a small review, see below. You were absolutely the highlight of our annual meeting and I cannot thank you enough. It was such a pleasure to work with you and I also enjoyed our conversations. I hope you have a great summer and I'm happy to be used as a reference if you ever need one.

Best, Amie

Jessa Piaia presented at the Belmont Garden's Club's 2024 Annual Meeting at The Oakley Country Club and gave a magical performance that left several guests feeling unable to shake the feeling that Isabella Stewart Gardner herself was actually in attendance. Jessa's one-woman narrative was interesting, informative and highly engaging. Her understanding of her subject matter and her ability to channel Isabella was a highlight of our meeting. It was easy to communicate with Jessa and enjoyable to work with her while planning and preparing for the logistics of the day. I would highly recommend her as a performer at myriad events- the breadth of Isabella Stewart Gardner's interests and life experiences make her the perfect host at almost any occasion!

-Amie Joseph, Belmont Garden Club
